**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Competition builds the future! Sonic is my internet provider of choice and they have built out gigabit fiber to my area - we couldnt get that from Comcast or AT&T. Without Sonic, we would not have fast internet, which in todays world is almost a basic requirement to get anything done

You should say no to price hikes that will increase the cost of services - it will only entrench the existing market leaders and not lead to any innovation whatsoever
